HOWARD GREER
Superintendent

This year's Bobcat is an excellent reflection of a pleasant and rewarding year for those who invested their time and effort productively. It has been said that one receives in direct proportion to what one gives. Education is a grand exception to this maxim. All about us, in this ever-changing world, are impressive examples of people who have achieved beyond their expectations because they put more than was regularly required of them into their education.

May the students of this school be ever aware of the blessings of a democratic community which has a concern for young people and what becomes of them.

Sincerely,

Howard Greer

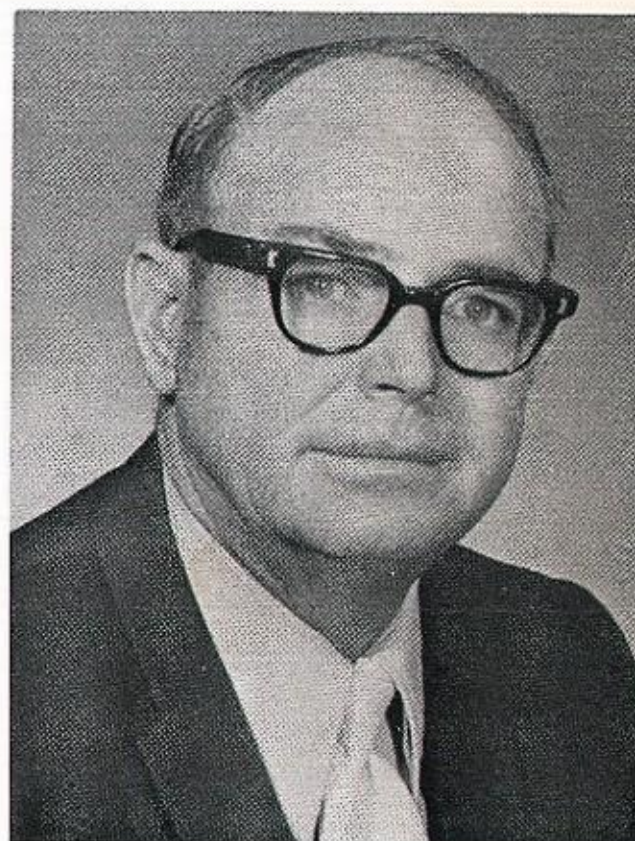

You and your sponsor are to be commended for your efforts in publishing this fine 1972-73 yearbook.

As each of you go your separate ways after graduation, I am sure you will treasure this yearbook with all your hearts.

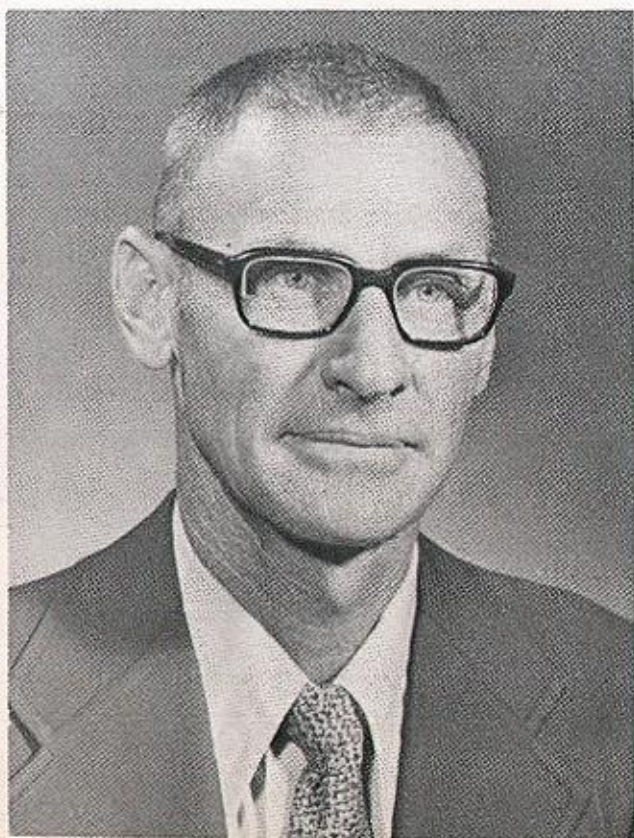

May there always be a memory in minds for Sunray High School and may your echoes for your school be heard around the world.

Sincerely,

J. E. Osborn

J. E. OSBORN
High School Principal

HUGH STEWART
Grade School Principal

This school year has come and gone and you, the Annual Staff, are to be commended for your fine effort in recording the results of the work and play of the student body. May your efforts not be taken without a feeling of well done.

To the student body, may your successes in the school year of 1972-1973 be a beginning of greater successes in the life that lies ahead.

Sincerely,

Hugh A. Stewart
